- B. Trusted Computing Base (TCB)
- C. Time separation
- D. Security kernel

Answer(s): D

QUESTION: 7

What process facilitates the balance of operational and economic costs of protective measures with gains in mission capability?

- A. Performance testing
- B. Risk assessment
- C. Security audit
- D. Risk management

Answer(s): D

QUESTION: 8

Clothing retailer employees are provisioned with user accounts that provide access to resources at partner businesses. All partner businesses use common identity and access management (IAM) protocols and differing technologies. Under the Extended Identity principle, what is the process flow between partner businesses to allow this IAM action?

- A. Clothing retailer acts as User Self Service, confirms identity of user using industry standards, then sends credentials to partner businesses that act as a Service Provider and allows access to services.
